

Maisha Nanjeeba

Aspiring Product Designer and Developer | UI/UX & Full Stack Project Builder

Email: mnanjeeba@gmail.com | Github: <https://github.com/maisha27> | Behance: <https://www.behance.net/maishananjeeba96> | LinkedIn: <https://www.linkedin.com/in/maisha-naneeba-a32591298/>

About Me

I am a passionate problem-solver who loves connecting design, data, and functionality to build meaningful user experiences and solve real-life problems. With hands-on experience in creating both web and mobile apps, I've designed full UI/UX flows, developed frontend and backend systems, and aligned design decisions to real-world needs. I'm excited to learn, collaborate, and contribute to impactful product teams.

Technical Highlights:

- HTML, CSS, JS, React Native, React JS, Node.js, Flutter, Firebase, MySQL, Next JS
- UI/UX Design using Figma, Behance Projects
- Strong communication in English & Bangla
- Project Management and End-to-End Execution

Project 1: Islamic Book Store

Type: Full stack Web Application

Role: UI/UX Designer & Full Stack Web Developer

Tools Used: Figma, React JS , Next JS, PHP, MySQL

Description:

- It's an Islamic themed Book store for buying, searching, ordering Islamic Books mainly where admins handle storing and management of books.

- the Color theme and fonts followed Islamic themes to signify Islamic Values and UX were configured to make the interface as user-friendly as possible

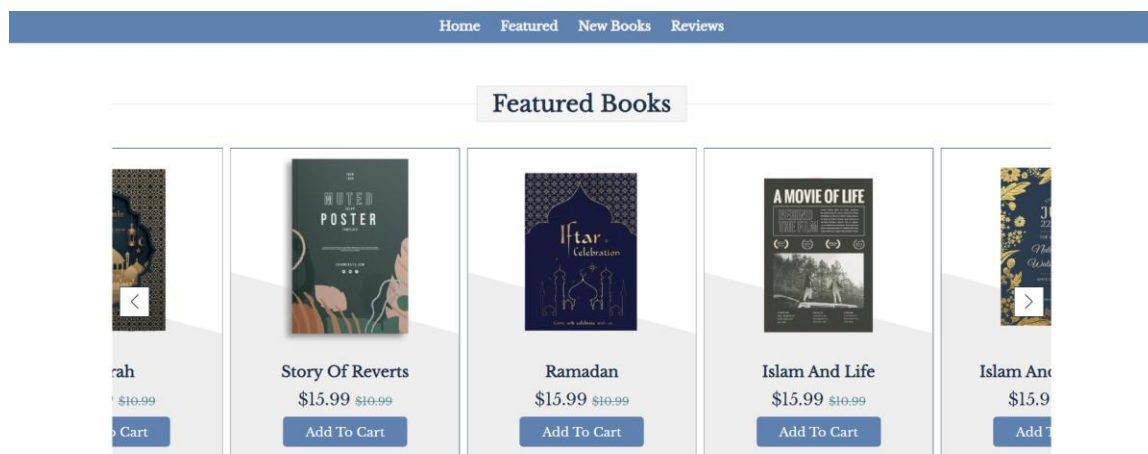

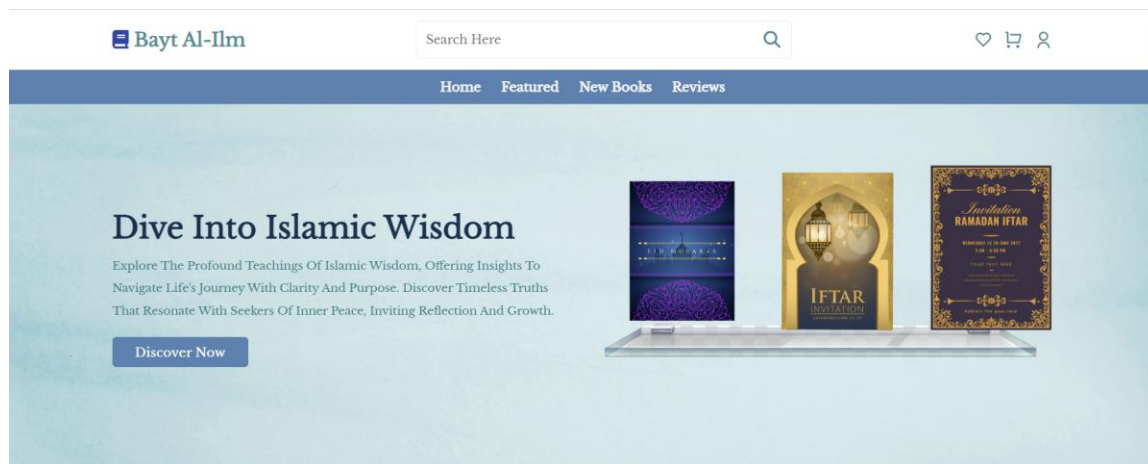

The static version is currently hosting on GitHub and a video post is on my Facebook.

Don't have an account?

The image shows the sign-in screen of the 'Wander Log' app. It has a teal header with a language selector 'English' and a dropdown arrow. The main content is a white rounded rectangle. It starts with the heading 'Let's Travel you in.' followed by the subtitle 'Discover the World with Every Sign In'. There are two input fields: 'Email or Phone Number' and 'Password'. Below the password field is a link 'Forgot password?'. A large teal button with the text 'Sign In' is centered. Below this is the text 'or connect with' followed by three social media icons: Google, Apple, and Facebook. At the bottom is a link 'Don't have an account?'.

Project 3: FoodFiesta

Type: Web Application

Role: UI Designer & Frontend Developer

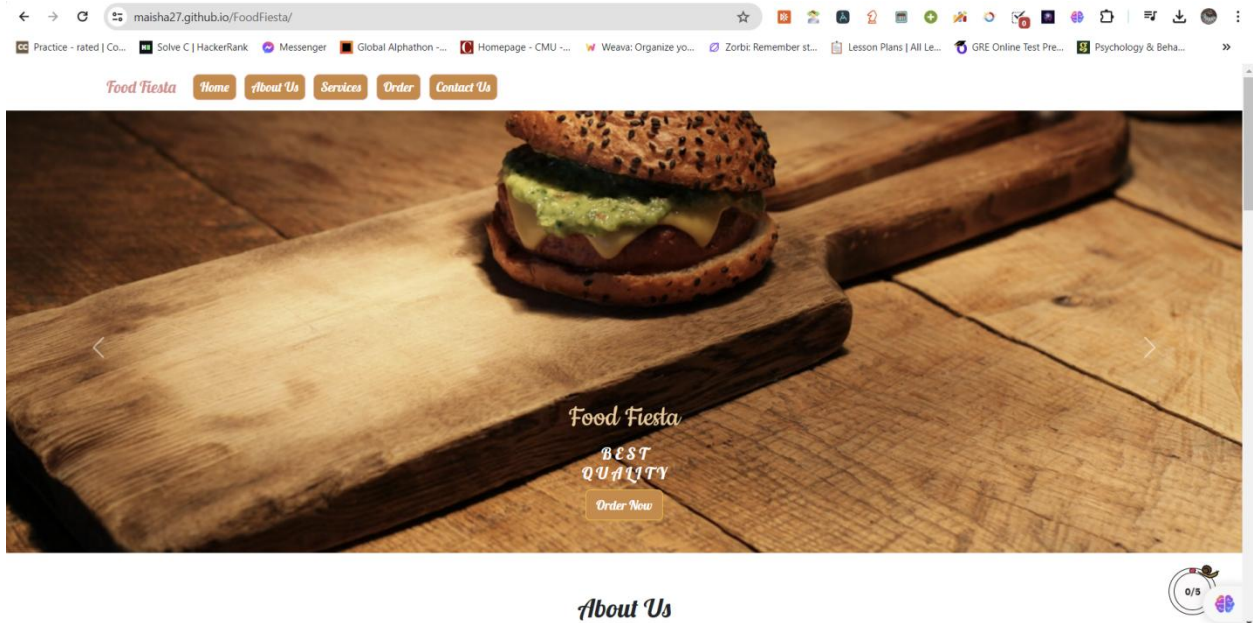

Tools Used: React JS , Figma

Description:

- This is a frontend responsive web development project made with . A typical restaurant website and Currently Hosting on Github.
